

NovoFinity × ClickHouse

Real-time data & analytics for the AI era

NovoFinity has partnered with ClickHouse - the real-time data and analytics platform powering the AI era - to bring the complete ClickHouse suite to our clients. As a certified ClickHouse Service Partner, we design, implement and support the full stack: AI governance, observability, real-time analytics and data warehousing.

TRUSTED BY INDUSTRY LEADERS - AND 4,000+ TEAMS WORLDWIDE

The complete ClickHouse suite

Designed, implemented & supported by NovoFinity

AI GOVERNANCE - LANGFUSE

Observe, evaluate and manage LLM applications and agents from prototype to production - the open-source LLM engineering platform.

- 100,000+ engineers building on Langfuse
- 10 billion+ observations / month
- Trusted by 19 of the Fortune 50

MIT open-source · OpenTelemetry-native · 80+ integrations

OBSERVABILITY - CLICKSTACK

The open-source observability stack for OpenTelemetry at scale - logs, metrics, traces, session replays and errors in one platform.

- 10-100× cost savings
- 30× compression on OTel data
- Sub-second queries on high-cardinality data

Powered by HyperDX + ClickHouse

REAL-TIME ANALYTICS

Power user-facing apps and dashboards that analyze and aggregate billions of datapoints on the fly - results in milliseconds.

- Ingest millions of rows per second
- Best-in-class speed at high concurrency
- Static + streaming sources via ClickPipes

REST + SQL · Postgres CDC · materialized views

DATA WAREHOUSING

Warehouse-class performance without the cost or lock-in - keep hot data in ClickHouse and cold data in your lake, one SQL surface.

- 4× faster vs BigQuery · 2× vs Snowflake
- Up to 21× cheaper vs BigQuery
- 70+ formats · Iceberg, Delta Lake, Hudi

Open table formats · pay only for what you use

Your implementation partner

Turning your data into trusted insight - and lasting capability.

AI & DATA

Strategy, governance, modern data platforms, AI/ML, data quality, engineering & digital transformation.

FINANCE, RISK & TREASURY

Regulatory compliance (Basel, BCBS-239), regulatory reporting, capital optimisation & risk data management.

DELIVERY ACCELERATORS - OUR IP

DGLite, NovoHive, CrikeyAI & Templatised regulatory compliance - packaged IP to fast-track governance, automation & compliance.

PROVEN ACROSS SECTORS

Banking, financial services, insurance, mining, telco & government. Clients Include: Transgrid, BHP, Hollard, Telstra, IAG, Absa, Standard Bank, Nando's & more.
